TRUST

Core development partner since the 1st live release!

PROVEN

Ongoing long-term contract and partnership

TIME

Working together closely for more than 2 years!

EQUITY

CML Team LTD holds company shares

Klaus Himmer

CEO & Co-Founder at CryptoTax
Munich, Germany

“We work with them for more than one year and quite happy with agility, quality of the services and insights they provide to us. Now when we’re entering new markets, we know for sure that we can rely on our development partners at CML Team.”

What do you like most about the company?

“Deep mathematical & computer science skills combined with the ability to dynamically scale in terms of time and professional requirements in a fast changing startup environment.”

TRADE 
REPUBLIC

Our Role:

Implementation of an administrative web-application for all backend systems of the bank

Stack: Node.js, Vue.js, TypeScript, RxJS, Websockets, RabbitMQ, REST API

Ivan Vasylchenko

COO at Trade Republic Bank GmbH
Berlin, Germany

“We were impressed with their flexibility and ability to meet timelines. CML Team LTD supported our business continuously, even during intense phases.”

Entertainment, Crypto

DECENTRALIZED GAME running on the Ethereum blockchain

According To DappRadar:
Ranked #58 in Games and #244 in General

Our Role:

Blockchain architecture and full cycle development from requirements specification and architecture to deployment, 3rd line support and maintenance

Tech Stack:

Ethereum, Solidity, Metamask, ReactJS, Firebase, ERC20, ERC721, Truffle, Web3

John Butler

Founder at Sophophilia Studios
Burlington, Vermont, USA

“This team has leveraged a deep technical background to tackle new system development requirements. CML Team LTD’s work is crucial to the success of the overall project, and they’re meeting those needs.”

Entertainment

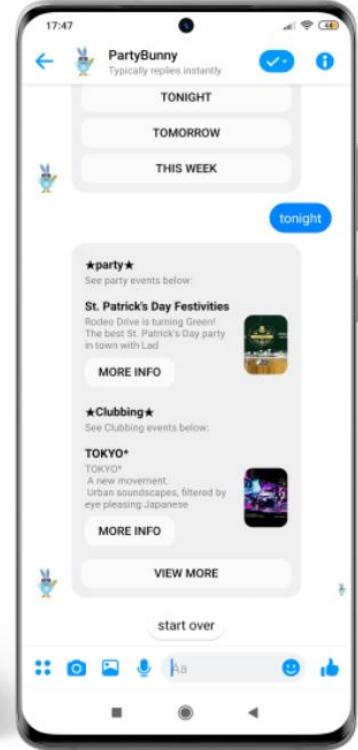

ENTERTAINMENT PLATFORM with lovely chatbot interface

Living in Dubai one of the most cosmopolitan and fast growing city in the world Nadya saw a huge demand for expats in entertainment industry and more particularly in night-life. The idea was to build a chatbot that will allow to find different events around Dubai & Bangkok.

Our Role:

- Building platform's back office web application
- Chatbot/virtual assistant interfaces that interact with the platform

Stack: Java, Spring Boot, FB Messenger API, FB Graph API, ChromeDriver, IBM Watson API

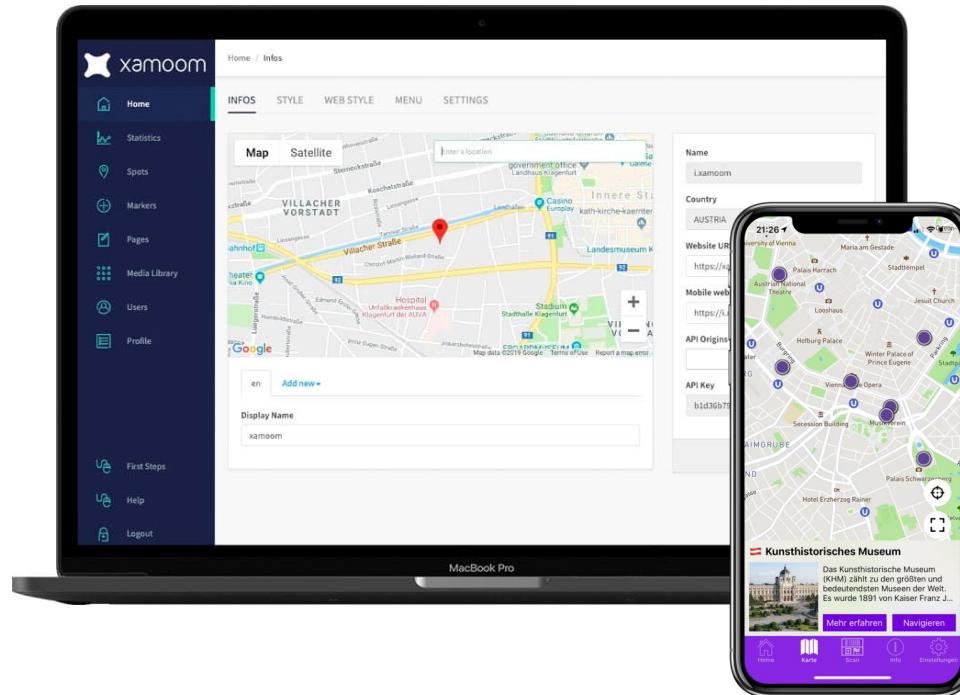

Nadya Tereshina

Production Manager
Dubai, UAE

"I've worked with the guys over my chatbot idea and they delivered all the job on time, were responsive to the feedback and changes I requested. Maintained the bot if there was a problem. What i found particularly great, someone from the team is always available and reachable to correct the issues."

Hospitality

MOBILE FIRST LOCATION CMS

featuring NFC, QR codes and other identification technologies
that makes location based services available to everyone

Our Role:

- iOS/Android development of end-user apps
- SDK Development
- Mobile Web Development
- Location CMS development

Location Klagenfurt, Karnten, Austria

Stack: Swift, Kotlin, TestFlight, Xcode, Android Studio, Google Play Developer Console, REST API, Dagger2, Mapbox SDK, Firebase Cloud Messaging

Georg Holzer

CEO & Co-Founder at xamoom GmbH
Klagenfurt, Austria

“The most impressive is their wide and profound expertise in various tech stacks and programming languages as well as dedication to the product and goal-driven approach in addressing problems that occur on the way. Working with the guys from CML does not feel as outsourcing, it seems as if the team there is an extension of our team.”

Hospitality

Global mobile-first global HOSPITALITY OPERATIONS PLATFORM

Awarded:

- 2019 #1 Concierge Software
- 2019 #1 Preventative Maintenance Software
- 2019 #1 Guest Mobile App
- 2019 #1 Best Place to Work in Hotel Tech
